Date of Signature

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

This is in response to the Office Action dated August 23, 2002 in the above-
identified application in which the Examiner issued a restriction requirement. The Examiner has
placed the claims into two groups as follows:

Group I: Claims 1-34, 41-59, and 63-65 directed to (1) a tolerogenic dendritic cell
comprising an oligodeoxyribonucleotide having one or more NF- κ B binding sites, (2) a method
of producing the dendritic cell, and (3) a kit for enhancing tolerogenicity in a host; and

Group II: Claims 35-40, 60-62, 66 and 67 directed to a method for treating diabetes in a mammalian host comprising administering to the host dendritic cells which comprise an oligodeoxyribonucleotide having at least one NF- κ B binding site.

In response to the restriction requirement, Applicants elect to prosecute Claims 1-34, 41-59, and 63-65 of Group I, to be examined in this application without prejudice to the prosecution of the subject matter of non-elected claims in other patent applications.

Applicants believe that there is no fee due with the filing of this paper. However, if any fee is due, or if any overpayment has been made, in connection with the filing of this response, the Commissioner is authorized to charge any such fee or credit any overpayment, to our Deposit Account No. 02-4377. Duplicate copies of this sheet are enclosed.

Respectfully submitted,

Carmella L. Stephens
